

# SureFly 500

## The Manual Winch you can count on

The SureFly 500 is a compact, wall or stand-mounted, 500kg manual winch with a number of original features that separate it from its competitors.

These are:

- **Manual handle or electric drill operation.**
- **A numeric counter with a reset function.**
- **An operating speed of 1.7 metres per minute when driven by recommended drill.**
- **Complete guarding including rope guards.**
- **Optional Limit Box which cuts off power to the drill when end of travel is reached.**
- **12 metres maximum flying height (with 5mm dia rope).**
- **5mm or 6mm wire rope, 3/4/5/6 Line Options.**
- **Self-sustaining gearbox.**
- **Inbuilt drill storage hook.**
